The Sent Summer Camp

Summer Camp Details

We are excited to kick off our first summer camp at The Sent Christian School. Weekly camps feature different themes and activities plus the opportunity for campers to participate in special activities such as art, sports, academic learning and more.

Providing a safe, quality camp experience is of utmost importance to us. Here are just a few of the great things our campers will have the opportunity to participate in throughout the week: gym games, in house and outdoor field trips, special activities, morning worship, and character development. Please note that there is no camp on July 4. *

Summer Camp Weekly Themes

Campers will participate in daily worship,

Art Week (June 26-30)

With artists like Monet and Matisse as our muses, your child's creativity will run wild with the projects in store! From abstract sculptures to painterly landscapes, your child will get a feel for so many types of artists and develop their own style on their journey through meeting different artists! Mary Blair is another feature artist that we will learn all about her intense use of color and how that got her to become an artist at Disney and created It's a Small World!

STEM Week (July 3-7)

During STEM week we will practice science concepts and skills through hands-on application and activities. They will also become engineers throughout the week and develop critical thinking skills by solving problems while applying their knowledge of math, physics, and chemistry. The engineering projects will include building walls, towers, rockets, helicopters, and launchers. We will also incorporate technology in an engineering project.

Writing & Reading (July 10-14)

This week students will be reading and exploring text from a variety of sources including picture books, plays, comic strips, and short stories. Letting their creative energies flow, students will then create their own literary works to be presented at the end of the week for our Writers' Awards Ceremony and Celebration!

Music Week (July 17-21)

During this week campers will explore 3 musical components: Choir, Instruments and Dance from several countries around the world. The week will conclude with a concert of the World Song Parade.

Math Week (July 17-21)

We will dive into math concepts through project based learning! What better way to learn how to apply what they learned in the classroom, but by applying it to real life situations? How exciting would it be for your math lover to create their own food truck and have people order off their menu?! Another exciting project is to create carnival games with probability in mind! We will get to see how carnival game creators can either rig the game or make it easier to win!

Sports Week (July 31-Aug 4)

Sports week is a summer intensive that will help campers explore their athleticism in order to help them THRIVE! Thrive is a non-profit Christian sports and enrichment organization that is dedicated to discovering and developing every child's gift, character, and leadership. We exist to make disciples of Jesus Christ through sports and competition. We hope the kids at Thrive will grow up to become leaders who will impact the world around them. We call these the 3Ds: DISCOVER, DEVELOP, and DISCIPLINE. During Sports Week, Thrive campers will engage in training drills and play basketball, dodgeball, handball, and volleyball.

Fun Week (August 7-11)

Fun week is all about helping campers develop social skills while having fun!

Through various icebreakers, team-building exercises, theater, and games this week will focus on helping students develop communication, teamwork, patience, strategy and creativity. For a good time that still helps campers develop before the beginning of a new school year make sure to enroll for Fun Week!
